**DETAILED ACTION**

***Drawings***

The subject matter of this application admits of illustration by a drawing to facilitate understanding of the invention. Applicant is required to furnish a drawing under 37 CFR 1.81. No new matter may be introduced in the required drawing.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 33-52 are rejected under 35 U.S.C. 102(b) as being anticipated by Stern et. al., U.S.P. No.5,877,899.

Stern et. al. 899' teaches (Figs.1-15) a laser system for imaging indicia 30 or symbols onto a mirrored surface comprising: an array of laser diodes 66 (Note these laser diodes can be used in conjunction with a liquid crystal array to provide a switched or pulsed output.) which uses imaging means 36,38 and 40 to provide symbols and

indicia of an extremely small size which are etched onto a mirrored surface 30 and wherein the etched image is sensed or transmitted to camera 52 (Note that the mirrored surface is a polished semiconductor surface which would inherently include MEMS type semiconductor mirrors or the like.), which clearly, fully meets Applicant's claimed limitations.

***Response to Amendment***

Applicant has not formally traversed the teachings of the applied Stern et. al. reference.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
